#507 - AUTOZONE
PO BOX 2198 DEPT 8089
MEMPHIS, TN 38101

Dear ANNA TATE:

In an effort to remain consistent with the other jurisdictions in the Valley participating in *RECIPROCITY*, alarm companies acting as proprietary alarm businesses will no longer be required to obtain an Alarm Business License from the Chandler Police Department. According to the City of Chandler Alarm Ordinance No. 3042, a Proprietary Alarm is defined as "Any alarm or alarm system which is used or owned by the alarm user and is not monitored, leased or rented from, or owned or maintained, under contract by an alarm business." Basically, any alarm company that is not monitoring for profit will be asked to complete a yearly information form but will not be required to obtain or renew an Alarm Business License.

Enclosed is a copy of the information on file for your company. This information is used to contact you in the event of excessive false alarms. Please read through the form, make any necessary corrections, and return it to the Chandler Police Department. If you have any questions regarding this change in policy please contact the alarm unit at 480-782-4201.

Sincerely,

SHERRY KIYLER
POLICE CHIEF

Patricia Rednour
Alarm Coordinator
